

# TT Calendar Quilt

Make a Calendar Quilt and/or Make a Quilt Calendar!

2007 BOM Project from BOMQuilts.com & AbbiMays.com

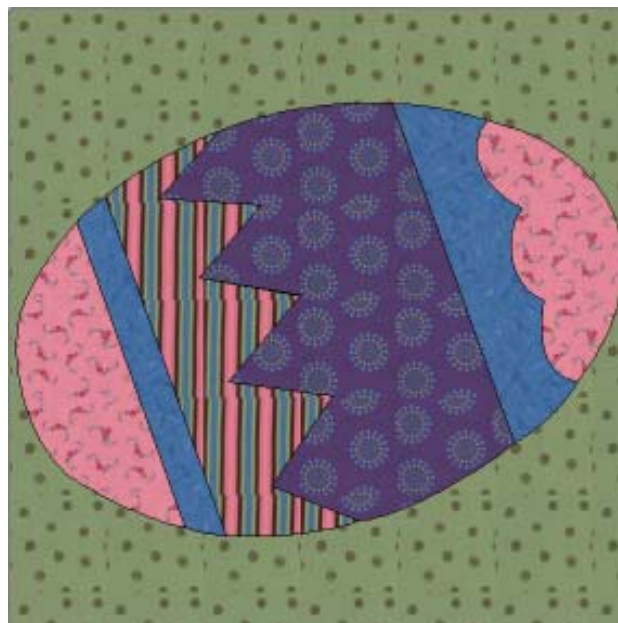

## March 2007 Block Set

### Easter Egg Block- Fusible Web Appliqué

Fabric	Cut
Green Swirls	Cut ONE (1) 7 1/2" square
Fusible Web	Draw each template ONE (1) time onto your favorite fusible web. Then, iron onto the appropriate fabrics shown below and cut. NOTE: If you want your egg to look like this one, trace the template from the BACK.
Pink	Cut ONE (1) each from template B & G
Blue	Cut ONE (1) each from template C & H
Multi-Stripe	Cut ONE (1) from template F
Purple	Cut ONE (1) each from template E & D

- 1) Once you have your template pieces fused and cut, you can begin placing them on your Green Swirls square and ironing them on, per the fusible web manufacturer's instructions. A good way to do this, if you are a beginner, is to lay all of your pieces onto the block fabric first, making sure the seams all line up. Then, remove the fusible backing paper (discard) and press one template piece at a time to the Green Swirls block.
- 2) When all of your egg parts have been successfully ironed onto your Green Swirls square, use a blanket stitch or zig-zag stitch to appliqué each seam in place. You may want to use a stabilizer on the back, too.

## Easter Egg
