Binding Your Project:

- 1) Sew each of the 2 1/2" x width of fabric binding strips together as shown:

Trim excess fabric 1/4" above seam.

- 2) With wrong sides together, fold binding in half lengthwise and press. Pin binding to the front edge of the quilt and sew in place using a 1/4" seam (see 1 below). When you reach a corner, stop stitching 1/4" from the edge and fold the binding up and away from the quilt (2). Fold the binding back down and begin stitching again, 1/4" from the folded edge (3).

1

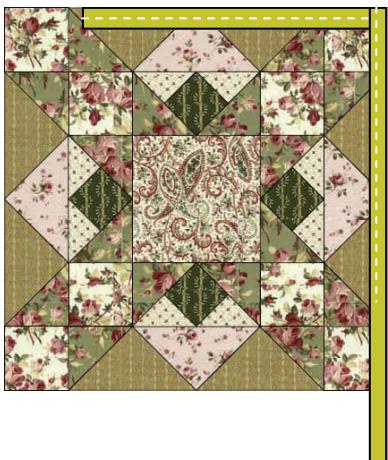

2

- 3) Continue stitching the binding to the quilt until you reach the starting point. Overlap the starting edge of the binding by approximately 1" and cut away the excess binding strip. Tuck the end into the fold and finish sewing the binding in place.

3

- 4) Sandwich your quilt front, batting and backing together, right sides of fabric facing out. Fold the binding over the raw edges of the quilt so that the folded edge covers the row of stitching on the back. Using a needle and thread, whip-stitch the binding in place.
