Center of Attention Block

- 1) First, you need to make your background for the appliqué. Choose FOUR (4) of the white (light) fabrics from your charm pack and sew them together, as shown. Press toward the arrows. Once done, square up your block so that it is 7 1/2" square (using the seam lines as your center guides):

- 2) Piece the center FOUR (4) blocks together, just like you did in #1 above, except this time with your Red and Tan pieces. Once finished, use the template and trace the shape of this center four-patch onto your fusible web, then following the manufacturer's instructions, press onto your piece. Next, press your fusible to the Green diamond and cut out that template.
- 3) Once you have the fusible on your fabrics, use the image above as a guide and press to your background fabrics. For this block, press the diamond in place first, and then press the four-patch over the top of it.
- 4) Now, use your stitch of choice to appliqué the pieces onto your background fabric!
