Sunshine Rays Block

- 1) First, you need to make your background for the appliqué. Choose FOUR (4) of the white (light) fabrics from your charm pack and sew them together, as shown. Press toward the arrows. Once done, square up your block so that it is 7 1/2" square (using the seam lines as your center guides):

- 2) Once finished, use the template and trace the shapes onto your fusible web, then following the manufacturer's instructions, press onto your chosen fabrics. **You will need to piece the rays of the red fabric together!!!** I cut a charm square in half and sewed them together, pressing the seam in each direction. Then, I pressed my fusible web to the back and cut out the ray. Once you have the fusible on your fabrics, use the image above as a guide and press to your background fabrics.
- 3) Now, use your stitch of choice to appliqué the pieces onto your background fabric!
