

# TT Calendar Quilt

Make a Calendar Quilt and/or Make a Quilt Calendar!

2007 BOM Project from BOMQuilts.com & AbbiMays.com

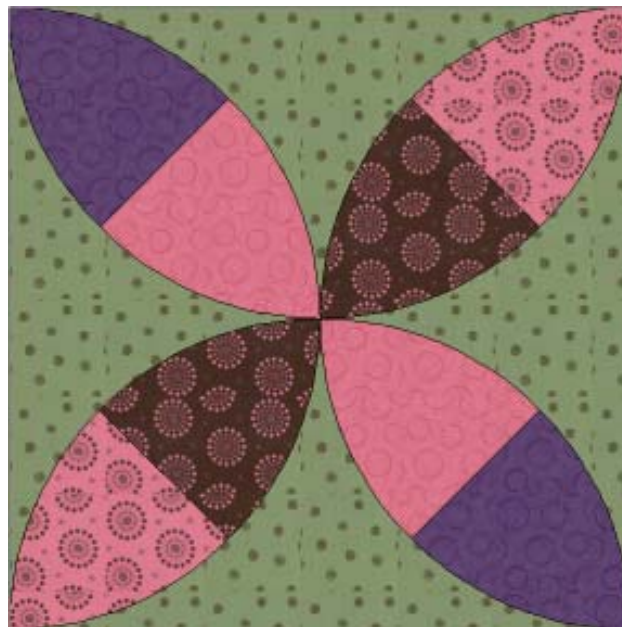

## March 2007 Block Set

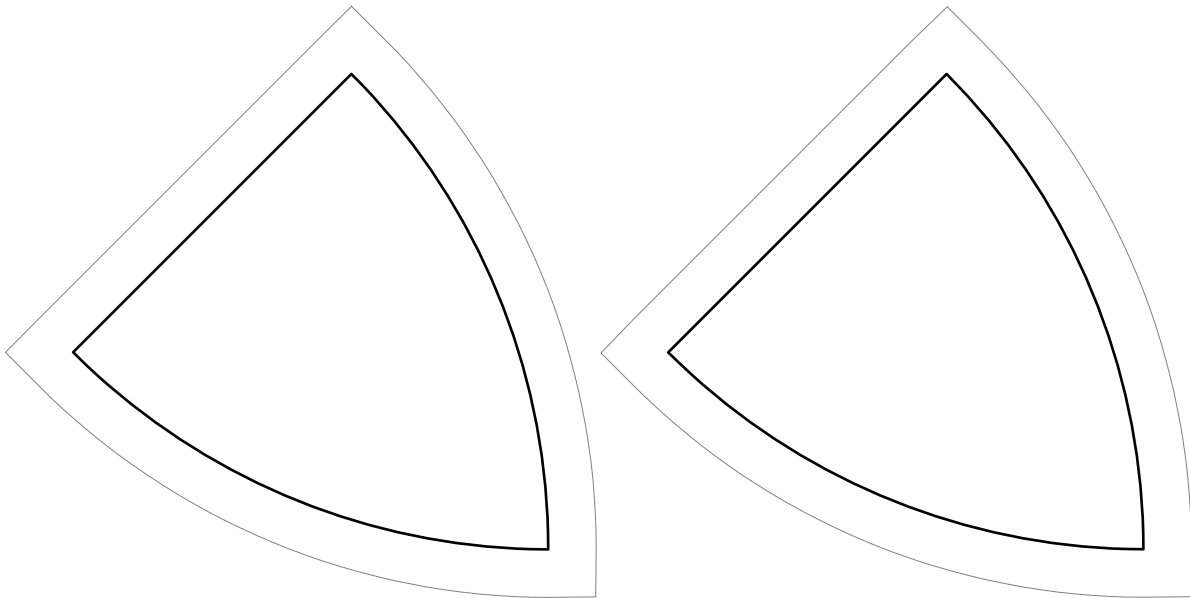

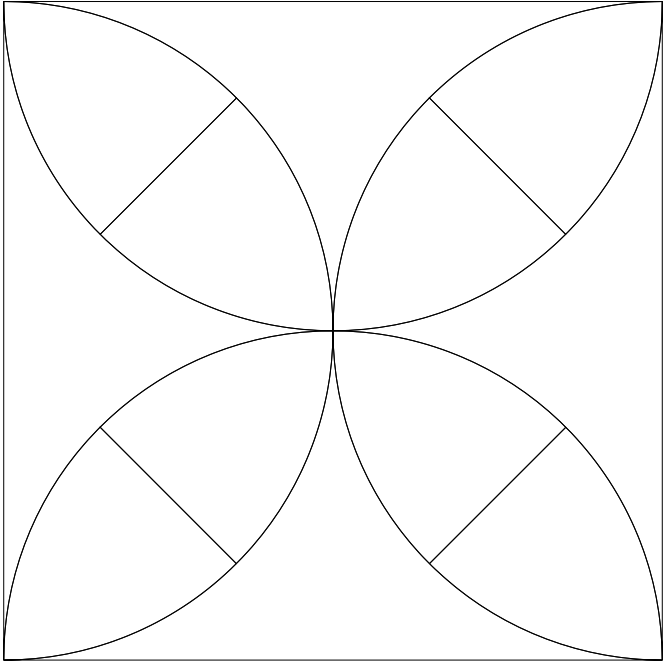

### April Flower Block - Fusible Web Appliqué

Fabric	Cut
Green Swirls	Cut ONE (1) 7 1/2" square
Fusible Web	Draw each template FOUR (4) times onto your favorite fusible web. Then, iron onto the appropriate fabrics shown below and cut.
Pink	Cut FOUR (4) petals
Brown	Cut TWO (2) petals
Purple	Cut TWO (2) petals

- 1) For this block, it is very helpful if you press your Green Swirls square TWO (2) times, from corner to corner, to give you guidelines on which to iron on your flower petals. Once you have your template pieces fused and cut, you can begin placing them on your Green Swirls square and ironing them on, per the fusible web manufacturer's instructions. A good way to do this, if you are a beginner, is to lay all of your pieces onto the block fabric first, making sure the seams all line up. Then, remove the fusible backing paper (discard) and press one template piece at a time to the Green Swirls block.
- 2) When all of your flower petals have been successfully ironed onto your Green Swirls square, use a blanket stitch or zig-zag stitch to appliqué each seam in place. You may want to use a stabilizer on the back, too.

Template for "April Flower" as 7" by 7" (inches) block.
